

WAYNE STATE UNIVERSITY SCHOOL OF MEDICINE GRAND ROUNDS

Department of Neurology 8D UHC, OCTOBER 2014

NEUROLOGY GRAND ROUNDS SCHEDULE IS AVAILABLE AT: <http://events.wayne.edu/neurology>.

8:30 am – 10:00am, Lecture

October 3, 2014

Kushak Suchdev, MD
Neuro Critical Care Fellow of Neurology
Wayne State University School of Medicine
Detroit, MI

TOPIC: *“M & M Stroke-Neurocritical Care-Endovascular Neurology Case Conference”*

SUPPORT: *No Commercial Support*

LOCATION: **Harper University Hospital Kresge Auditorium**

October 10, 2014

Andrew Xavier, MD
Assistant Professor of Neurology
Wayne State University School of Medicine
Detroit, MI

TOPIC: *“Interventional Neurology – Trials and Tribulations”*

OBJECTIVE: 1. Present the results of recently published randomized clinical trials pertaining to stroke prevention and treatment. 2. Discuss the impact of the trials to clinical management of acute stroke and intracranial atherosclerotic disease.

SUPPORT: *No Commercial Support*

LOCATION: **Harper University Hospital Kresge Auditorium**

October 17, 2014

Juliann M. Paolicchi, MA, MD
Professor of Pediatric Neurology
Weill Cornell Medical College
New York, NY

TOPIC: *“The “Titanic” Effect of Epilepsy in the Acute Care Setting: How Much is Below the Surface?”*

OBJECTIVE: 1. Discuss the presentations of epilepsy, both convulsive and non-convulsive in the acute care setting for pediatric patients. 2. Review the multiple modalities available for monitoring patients in the acute care setting, and discuss best care practices. 3. Describe a paradigm for the treatment for status epilepticus in children.

SUPPORT: *No Commercial Support*

LOCATION: **Harper University Hospital Kresge Auditorium**

October 24, 2014

Kimberly B. Kegel-Gleson, PhD
Assistant Professor of Neurology
Harvard Medical School
Charlestown, MA

TOPIC: *“Understanding the Role of Phospholipids in Huntington’s Disease”*

OBJECTIVE: 1. Review Huntington disease symptoms and neuropathology. 2. Discuss interaction of mutant Huntington with phospholipids as a potential therapeutic target. 3. Describe changes in phospholipids in a HD mouse model attained using focused lipidomics target.

SUPPORT: *No Commercial Support*

LOCATION: **Harper University Hospital Kresge Auditorium**

October 31, 2014

Edwin George, MD
Assistant Professor of Neurology
Wayne State University School of Medicine
Detroit, MI

TOPIC: *“The Spread of Parkinson’s Disease”*

OBJECTIVE: 1. To review current concepts of the causes and pathophysiology of Parkinson’s disease. 2. To describe the anatomical distribution and progression of pathology in Parkinson’s disease. 3. To discuss the implications for the clinical management of Parkinson’s disease.

SUPPORT: *No Commercial Support*

LOCATION: **Harper University Hospital Kresge Auditorium**

Target Audience: Neurologists, Neurosurgeons, Neuroradiologists, Pediatricians, Psychiatrists, WSU/DMC Practicing Physicians, WSU/DMC Faculty, Fellows, House Officer, Medical Students, Nursing Staff, and Allied Health. The Wayne State University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Wayne State University School of Medicine designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity
