

**WAYNE STATE UNIVERSITY
SCHOOL OF MEDICINE GRAND ROUNDS**

Department of Neurology 8D UHC

February 2012 REVISED

NEUROLOGY GRAND ROUNDS SCHEDULE IS CURRENTLY AVAILABLE AT THIS LINK:

<http://events.wayne.edu/neurology>.

10:15 am – 12:00 Noon, Morbidity & Mortality Conference, February 10, 2012 **ONLY**

9:00am – 10:00am, Lecture

February 3, 2012

Jeffrey Loeb, MD, PhD

Associate Director, the Center for Molecular Medicine and Genetics

Professor of Neurology

Wayne State University School of Medicine

Detroit, MI

TOPIC:

“Human Brain Calcifications: Physiologic Consequences and a New Therapeutic Option”

OBJECTIVE:

1. To discuss whether calcifications that occur in the brain may be the cause of neurological impairments. 2. To present the rationale for a novel treatment strategy using bisphosphonates. 3. To present data to date on the types of neurological symptoms that respond.

SUPPORT:

No Commercial Support

LOCATION:

Harper University Hospital Kresge Auditorium

February 10, 2012

Kumar Rajamani, MD

Assistant Professor of Neurology

Department of Neurology

Wayne State University School of Medicine

Detroit, MI

TOPIC:

“Anti-Phospholipid Antibodies-Neurological Aspects”

OBJECTIVE:

1. Understand the spectrum of neurological disorders from antiphospholipid antibodies. 2. Understand definition of the antiphospholipid antibody syndrome. 3. Understand current management guidelines for a patient with antiphospholipid antibodies and with the syndrome.

SUPPORT:

No Commercial Support

LOCATION:

Harper University Hospital –Kresge Auditorium

February 17, 2012

Elizabeth A Thiele, MD, PhD

Professor of Neurology, Harvard Medical School

Director, Pediatric Epilepsy Program, Massachusetts General Hospital

Director, Herscot Center for Tuberous Sclerosis Complex, MGH

Boston, MA

TOPIC:

“The Neurology of Tuberous Sclerosis Complex: Epilepsy, Cognition and Behavior”

OBJECTIVE:

1. Understand multisystem involvement of tuberous sclerosis complex (TSC). 2. Understand features and risk factors for cognitive impairment, autism, and behavioral disorders in TSC. 3. Understand natural history of epilepsy in TSC, and approach to management.

SUPPORT:

No Commercial Support

LOCATION:

Harper University Hospital – Kresge Auditorium

February 24, 2012

CANCELLED DUE TO:

TOPIC:

RITE EXAM
